

Veterinary Hoof Supplement

The Ultimate Equine Supplement for Hooves

Provides all the nutrients necessary to protect and nourish every layer within the hoof horn. This sulphur enriched formula will ensure that important nutrients are supplied to the horse's diet, to optimise hoof growth and improve integrity of the hoof. It contains a concentrated source of the sulphur rich amino acid Methionine and the sulphur rich nutrient MSM. Keratin Sulphate, the structural component of the hoof horn has a high sulphur content. It contains a very high level of Biotin 37.5mg per daily serving. Also included are Calcium, essential for cohesion in the hoof wall, Zinc which is required for healing of all epidermal tissue and other amino acids which are the building blocks of protein.

Presentation 1kg

Composition

Calcium Carbonate.....	37.5%
Methylsulfonylmethane	12.5%
Gelatine	
Lactose	

Analytical Constituents

Crude Protein	3.72%
Crude Fibre	0.2%
Crude Oil.....	<0.5%
Crude Ash	42.6%
Calcium	15%
Sodium.....	0.07%
Alanine	1.1%
Arginine.....	1%
Aspartic Acid	0.7%
Glutamic Acid	1.3%
Glycine	3%
Leucine.....	0.4%
Lysine	0.5%
Proline.....	1.7%
Serine	0.5%

Additives

	per 1kg	per 20g
Biotin 99% pure.....	1,875mg	37.5mg
Methionine.....	125,000mg	2,500mg
Zinc Oxide.....	37,500mg	750mg
E551a Silicic Acid	20,000mg	400mg

Feeding Instructions

Horses: Feed 20g per day
Ponies & Foals: Feed 20g every second day

Price per day 1kg

Pony:	100 days supply	0.60p
Horse:	50 days supply	£1.19

Guaranteed Free of Prohibited Substances

For animal use only. Keep out of reach of children, Store in a cool dry place, Do not freeze.
